

How To View Camera Using App

1. Install power to the camera
 - Ground—Green Wire
 - Neutral—White Wire
 - Hot—Red Wire
2. Ensure the photocell is in place on the Luminaire
3. Login into the GuardingVision app.
4. Connect to the Hotspot using your smart phone Wi-Fi. It will be a 9-digit number which is the serial number of the camera. The Hotspot password is Admin123.
 - See User Manual
5. When connected to the Hotspot, return to the GuardingVision app.
6. Open the app and tap Start Live View
7. For instructional videos, visit www.auglle.com
